Understanding Stalking

Defining Stalking

BEHAVIORAL

LEGAL/STATUTORY

- State & Federal Statutes
- Clery Act, Title IX
- School Policy

Poll: Is this stalking?

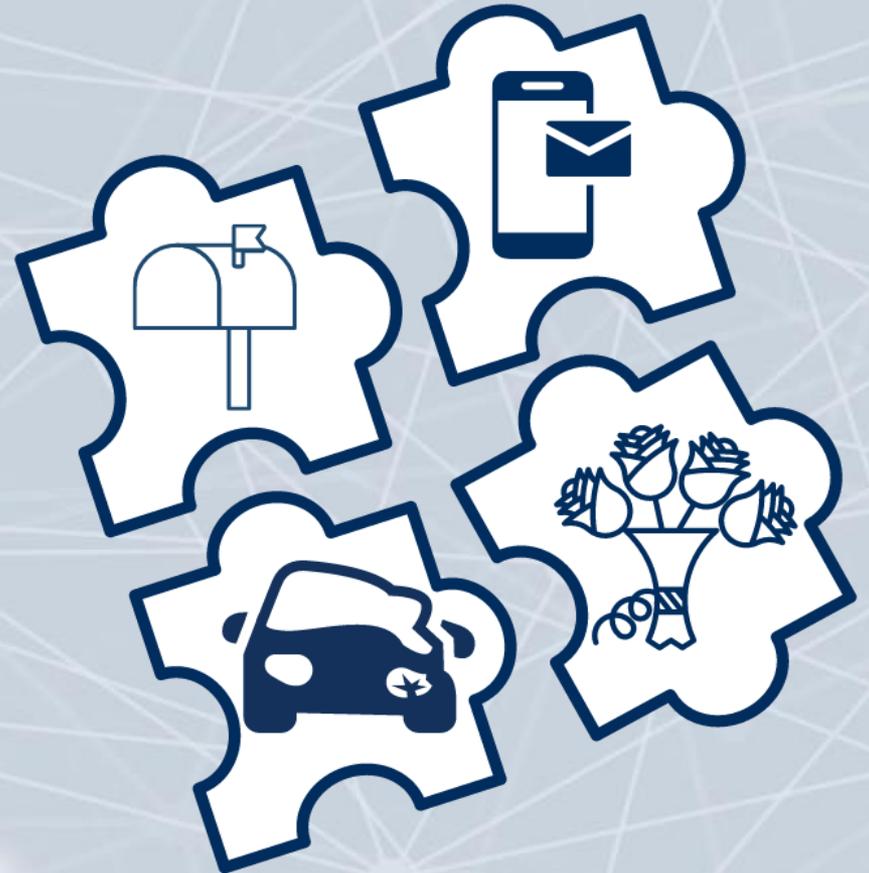

1. A student peeks into the women's locker room.
2. An ex-partner repeatedly spreads vicious rumors about their former partner on social media.
3. A supervisor regularly asks her employee personal questions, mocks him in meetings, sends e-mails at odd hours and is verbally abusive when he doesn't respond right away.

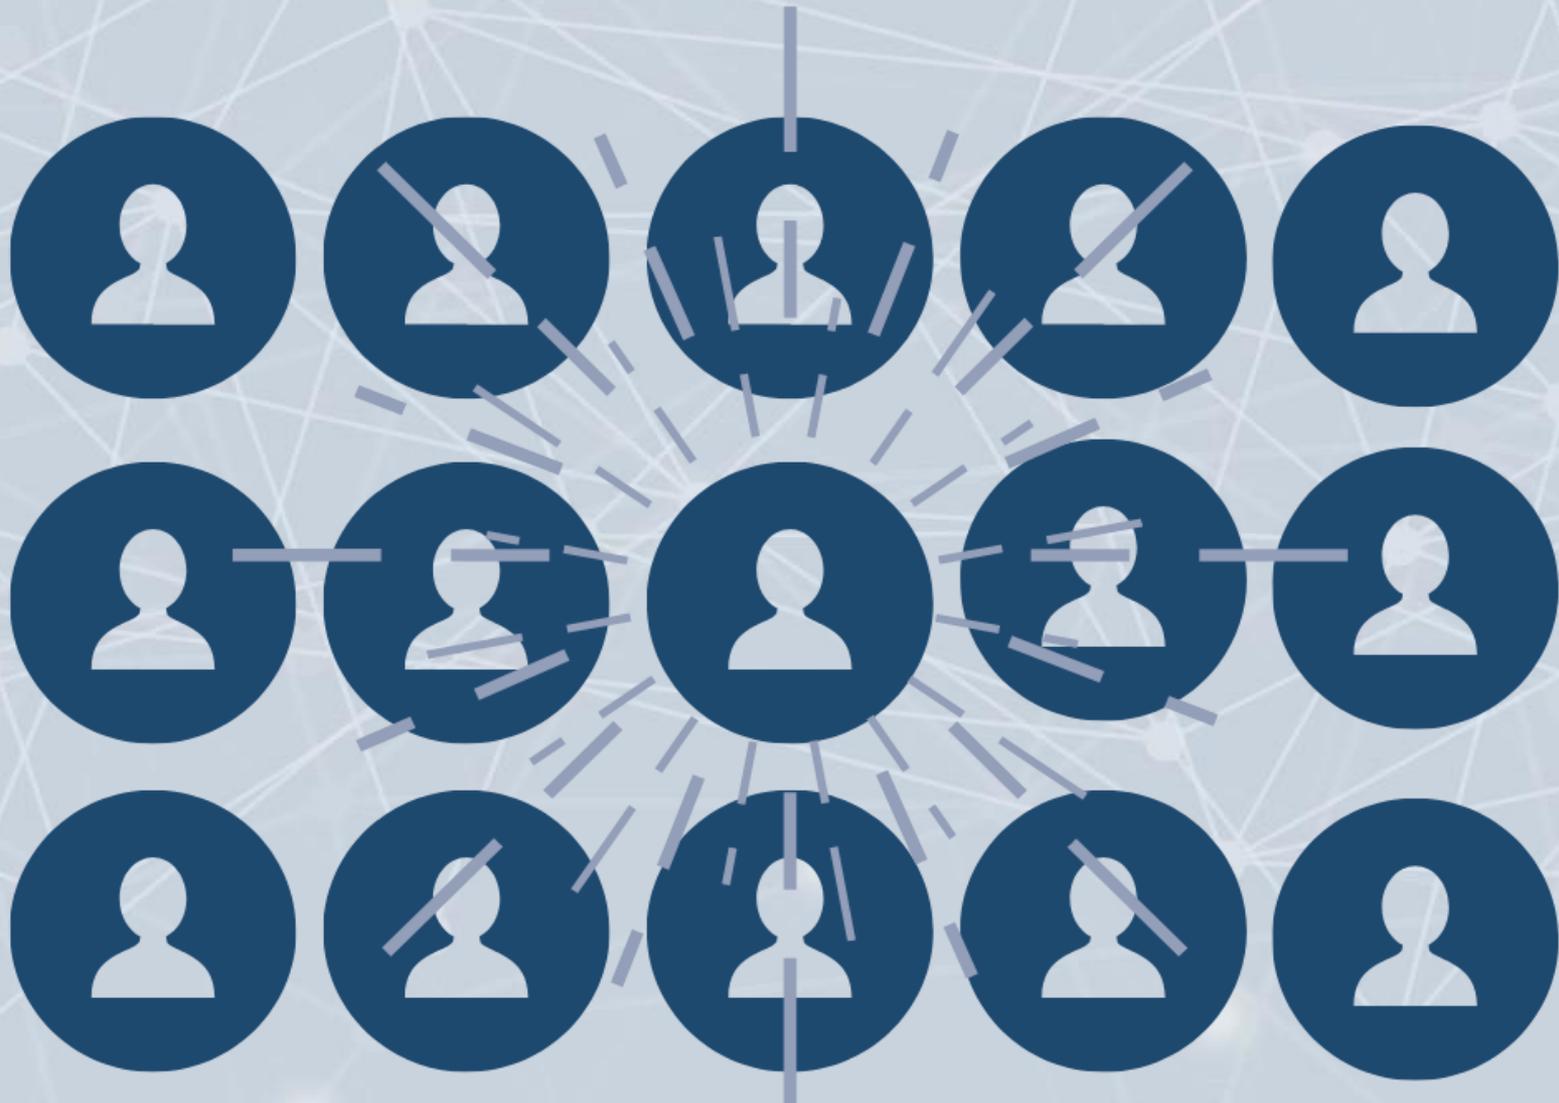

A pattern of behavior directed at a specific person that would cause a reasonable person to feel **FEAR** for the person's or the safety of others; or suffer substantial emotional distress.

A pattern of behavior...

- * Not a single incident or “one off” event
- * Called a “course of conduct” in most statutes

...directed at a specific person...

...that would cause a
reasonable person to
feel

FEAR

for their safety or the safety of others,
or suffer substantial emotional
distress.

CONTEXT IS CRITICAL
in stalking cases.

Context

- * Something may be frightening to the victim but not to you
- * Stalking behaviors often have specific meanings
- * Stalking criminalizes otherwise non-criminal behavior

Victim Reaction: Is it Fear?

Document Evidence of Accommodations

**Changes to accounts,
numbers, and settings**

**Finances spent on safety
devices or accommodations**

**Increased Security/Privacy
Measures**

**Financial impacts, including
employment consequences, identity
theft, and cost of damaged property**

Warning / Notice to Respondent

- * Use language “you are making the victim afraid”
- * Get response from respondent
- * Record the warning when possible
- * Document the warning / no-contact letters

VA. CODE ANN. § 18.2-60.3. STALKING

Addressing Stalking: A Checklist for Domestic and Sexual Violence Organizations

Because there are very few stalking-specific service providers, stalking victims rely on domestic and/or sexual violence programs to assist them with safety planning and resources. In reviewing your agency's response to stalking, consider the following questions:

- Does your organization provide services to victims of stalking?
- If so, how easy is it for a stalking victim to know they can seek services from your organization? For instance, is stalking specifically mentioned in your outreach materials?
- Do your organization's services address the needs of all victims of stalking – including those stalked by someone who is not an intimate partner?

Please use the checklist below assess your agency's efforts to respond to stalking. Of course, different agencies vary in mission, scope, and capacity, so not all categories or suggestions will be relevant to or feasible for every service provider.

Organization Mission and Values

- Serving victims of stalking is included as part of your organization's statement of mission and values.

Website

- "Stalking" is mentioned on your website as a form of violence your agency addresses.
- Your website links to [Victim Connect](#) (the referral hotline for victims of crime, including stalking).

Screening for Stalking

Has the Offender...

been tracking, following, or monitoring Victim in any way?

repeatedly invaded Victim's life/privacy by initiating unwanted contact with Victim?

significantly and directly interfered with Victim's life?

>physically/sexually assaulted Victim during course of conduct?

>forcibly kept Victim from leaving, held against will, caused serious accident, assaulted others, or seriously attacked Victim?

more than one time, intimidated or scared Victim through threats, property damage, threatening or actual harming of pets, or other means?

Screening for Stalking

If YES to any of the previous, during the actions mentioned above...

Did these actions make Victim afraid or concerned for safety or safety of children, family, and/or coworkers?

Did Victim make significant life changes for safety reason because of these actions? (change day-to-day routines, spend money on home safety, took time off work?)

Did these actions make Victim afraid or concerned about significant financial or social impact?
(Loss of job, loss of housing, financial harm?)

Co-Victimizations: Stalking, Intimate Partner Violence, and Sexual Violence

Adapted from the Duluth Model Domestic Abuse Intervention Project's Power and Control Wheel

Point When Stalking Occurs

On average, intimate partner stalkers pose the greatest threats to their victims.

WHY?

Relationships, Violence, & Threats

%	Intimate	Acquaintance	Private Stranger	Public Figure
Presence of Threats	83	66	50	18
Presence of Violence	74	50	36	2

Intimate partner stalkers are more likely to:

physically approach the victim

be interfering, insulting, and threatening

use weapons

escalate behaviors quickly

re-offend

Leaving an IP Stalking Relationship

Experiencing intimate partner stalking made victims more likely to want to leave the relationship than other factors -- including psychological aggression and past injury.

Victims of intimate partner stalking have more separation attempts than victims of IPV alone.

Sheridan, L. & Davies, G.M. (2006). Violence and the Prior Victim-Stalker Relationship. *Criminal Behaviour and Mental Health* 11(2): 102-116.

Study of Women with Protective Orders

Women who were **abused and stalked** experienced **significantly higher rates** of the following than women who were abused but not stalked:

- * Verbal abuse, degradation, jealousy and control
- * Serious threats
- * Moderate and severe physical violence
- * Sexual violence and sexual assault
- * Threats to kill and threats with a weapon
- * Being beat up, attacks with a weapon and injury

In **85%** of attempted
& **76%** of completed
intimate partner femicides,
stalking occurred in the year
prior to the attack.
