The Virginia HEAR ageism and elder abuse program aims to raise awareness about elder abuse, the role ageism plays, and how to respond and support elders through education and knowledge of community resources.

Local champions will play a vital role in shaping the implementation of this training locally. Your input will help us tailor the program to meet local needs, supporting the work of the elder justice community in Virginia.

What Does Being a Local Champion Involve?

- Advocacy, planning, and local outreach, with team support.
- Program facilitation and providing program feedback.

If you're ready to join us in our mission to create a community free from ageism and elder abuse fill out this form bit.ly/HEAR-ChampionsVA

Together, let's build a community where older adults are respected, valued, and protected.
